POWERS PETITIONS

From Mason County Contain Over
4,000 Signatures—Sent to
Georgetown.

The petitions for a pardon to Caleb Powers, which have been at many places in Maysville and throughout the county, for signatures, have been returned to Georgetown, where all will be collected and later presented to Governor Willson.

Over 4,000 signatures were secured to the petitions in this city and county; Mr. W. H. Lynch having 3,000 names on his petitions, and one petition contained 100 names of Democrats only, who want Powers pardoned. The petition at THE PUBLIC LEDGER office was soon filled with 200 names, many being Democrats, one a prominent one, Mr. James H. Hall, who was outspoken in his condemnation of the outrageous partisan Democratic Justice which has been dealt out to the noted prisoner. The petitions in charge of W. F. Carnahan and at the City Postoffice were filled and all sent to Georgetown.

Many women signed the petitions, also.

When all the petitions have been collected at Georgetown it is thought they will contain an aggregate of several hundred thousand names, and this formidable argument in favor

of a pardon to Powers will then be formally placed in the hands of the Governor.

As far as the petitions influencing or hastening the action of Governor Willson in pardoning Powers, THE LEDGER does not believe they will have the desired effect. We think Governor Willson will take no hasty action, but may allow Powers to be tried the fifth time, as Powers would much prefer an acquittal by a Jury than a pardon from the Governor.

Anyway, we expect to see Powers a free man within a few months.

Governor Willson would make no mistake if he would issue a pardon to James Howard at once.
